

Colour Chart

Primary Colours – Red, Yellow, and Blue. These 3 colours cannot be made up by mixing other colours together.

Secondary Colours – Orange, Green, and Violet. Secondary colours are made by mixing equal amounts of primary colours together.

- **Blue** and **Red** mixed together make **Purple**.
- **Yellow** and **Red** mixed together make **Orange**.
- **Blue** and **Yellow** mixed together make **Green**.

Pastel Shades – You can make any colour a pastel shade by adding White. The more white paint you add the paler the shade will be. Below are some examples:

- Mix white and black and get grey
- Mix red and white and get pink
- White yellow for lemon
- White and blue for baby blue
- White and green for a spring green
